

2018 Connecticut State Association Pistol Shooters at Camp Perry Ohio

This year was a very lean year for Connecticut pistol shooters that made it out to the 2018 National Championship hosted at Camp Perry Ohio. Because of family commitments, mean bosses and anniversaries only four members made it out. The total number of pistol shooters this year was only 532 competitors a little more than last year's 490.

Another first for the NRA, last year we all shot on once fired targets, now this year the NRA gave cash instead of NRA points. And another first, all of the stores on commercial row didn't accept NRA points for merchandise.

We had one two man Expert team.

I have to say that the shooting conditions this year was the best in all of the 36 years I have gone out there. You see, there were very little wind, no rain, and low humidity for all relays and all six days.

Below is this year's Team picture:

2018 Team Members
