

## 2013 Connecticut State Association Pistol Shooters at Camp Perry Ohio

Due to work and family commitments, only seven of us made it to the 2013 National Championship hosted at Camp Perry Ohio.

The selection of who will be shooting for the team matches is who shoots the best in their individual national match score which consists of slow, time and rapid.

This is why some of us didn't get to shoot on the team, or elected not to shoot to give new shooters the chance to participant.

The shooting conditions this year was another wet one, some of the firing lines were ankle deep in water. Below are some pictures:

This year's team members are from left to right:  
Frank Savino, Mike Bardoorian, Fran Lerz, Gary Berman,  
Bill Ohm, Bob Bardoorian, and Roger Sperry.

The following are the results of the CSRRA team, and the place we came in, shooting against 26 other expert association teams.
