The Connecticut State Rifle and Revolver Association

Formed in 1927 with the objectives of promoting education and training for citizens of good repute in the safe handling of firearms and to encourage the lawful ownership of firearms for sport and recreation.

Many volunteers that are dedicated to the sport of shooting have been assembled to run your CSRRA. These volunteers develop and run the programs you enjoy, and also manage the affairs of the association on a daily basis.

The annual meeting is open to all members and provides an opportunity to recognize the accomplishments of those who have performed in an outstanding manner by inducting them into the Connecticut State Rifle & Revolver Association's Hall of Fame.

The generosity of our members has made this scholarship possible for the juniors. Donations are what make the fund grow and enable the CSRRA to increase financial aid available to the junior shooters in our state. Your donation can be mailed to the same address as the membership application noted on the back of this pamphlet.
